

## **Code of conduct of the Nursery and Primary Schools of the European School of Mol.**

The whole school community has contributed to our code of conduct: pupils, parents, teachers, and management. These shared values are for all of us.

Life long learning is the key word in the school – here everybody is learning and improving!

It is up to everybody to contribute to a good atmosphere in the school. That means personal involvement is very important.

Personal engagement.

To keep the school pleasant and friendly, to have fun, I follow the rules!

I understand that I am responsible for my actions and that my actions are always within the agreed code of conduct.

My values:

### **I respect.**

I appreciate life and diversity.

I protect the environment, everywhere!

### **I tolerate.**

I value the feelings and opinions of other people.

I express my opinion about an action, without criticizing the person behind it.

### **I am a role model.**

I am honest.

I fight for values and progression, not against someone.

### **I listen.**

I listen, I can wait to speak.

I notice, listen and understand other people.

### **I am helpful.**

I notice when help is needed.

I am always ready to support and help, if necessary.

### **I am friendly.**

I behave in a way that makes others happy.

I cooperate.

### **I am learning.**

I am willing to make an effort.

I seek out for the challenge.

I am eager to succeed.

I support others in their learning.
