Nursery and primary school – code YELLOW and ORANGE

Obligations

Social distancing and face masks

- Principles:

- Social distancing (collective protective equipment) is a priority for wearing a mouth mask (personal protective equipment).
- If social distancing can be guaranteed, wearing a mouth mask is not mandatory.

- Nursery school**

- Social distancing in contacts between adults
- No social distancing between staff and nursery school children and between nursery school children themselves
- Personnel wears a mouth mask if distance cannot be guaranteed

- **Primary school:**

- Social distancing in contacts between adults
- Social distancing between staff and students
- No social distancing between students
- Personnel wears a mouth mask if distance cannot be guaranteed

Protective equipment

- Gloves for maintenance personnel, bus personnel and care personnel, provided that the personnel are familiar with their use and, above all, can remove the gloves correctly. If this is not the case, it is recommended to invest maximum effort in washing hands with soap or alcohol gel

What to do in case of possible infections?

- Provide clear instructions to staff and students on what to do in the event of contamination (see contact tracing procedures).
- Parents of students who fall ill at school are immediately contacted to pick them up. The students with COVID symptoms are immediately removed from the classroom and quarantined in a separate room until the parents have collected them. The infected room and the material with which the student came into contact must be disinfected.

Hand hygiene

- Wash your hands:
 - o When entering the school.
 - o When entering the class (after playtime).
 - o After going to the toilet. *

- o Before a meal. *
- o Before leaving school.
- o After coughing, blowing or sneezing.
- o After operating machines (practical lessons). *
